PROFIT WARNING

This announcement is made by the Company pursuant to Inside Information Provisions under Part XIVA of the SFO and Rule 17.10(2)(a) of the GEM Listing Rules.

The Board wishes to inform shareholders of the Company and potential investors that the Group is expected to record a loss for the three months ended 30 June 2013 as compared to the profit recorded for the three months ended 30 June 2012.

This profit warning announcement is merely based on a preliminary review of the Group’s unaudited consolidated management accounts for the three months ended 30 June 2013. The Group’s actual unaudited first quarterly results for the three months ended 30 June 2013 have yet to be finalised. The Group’s unaudited first quarterly results for the three months ended 30 June 2013 are expected to be announced by mid-August 2013.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the securities of the Company.

This announcement is made by Global Link Communications Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Inside Information Provisions (as defined under the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the “**GEM Listing Rules**”)) under Part XIVA of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) (the “**SFO**”) and Rule 17.10(2)(a) of the GEM Listing Rules.

The board of directors (the “**Board**”) of the Company wishes to inform shareholders of the Company and potential investors that based on the current information available, the Group’s first quarterly results are expected to record a loss for the three months ended 30 June 2013 as compared to the profit recorded for the three months ended 30 June 2012. The Board believes that the loss may be primarily due to (i) the decline in the contracted delivery schedule shipments compared to the same period last year, resulting in a corresponding decline in the turnover; (ii) additional materials consumption for upgrading the relevant system functions to provide more reliable operation services; and the extensive investment in innovation and research and development for the establishment of a new system solution to explore new passenger services, resulting in a corresponding increase in cost of sales.

The information contained in this announcement is merely based on the preliminary assessment of the management of Company on the Group’s unaudited consolidated management accounts for the three months ended 30 June 2013, and not any figures or information audited or reviewed by the auditors of the Company. The Company is still ascertaining the Group’s first quarterly results for the three months ended 30 June 2013. Details of the Group’s financial information and performance will be disclosed when the Group announces its first quarterly results for the three months ended 30 June 2013, and the announcement for the first quarterly results is expected to be published by mid-August 2013.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the securities of the Company.
