FIRST QUARTERLY RESULTS ANNOUNCEMENT
FOR THE THREE MONTHS ENDED 31 MARCH 2009

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board and no assurance is given that there will be a liquid market in the securities traded on GEM. The principal means of information dissemination on GEM is publication on the internet website operated by the Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of this announcement. This announcement, for which the directors (the “Director”) of Computech Holdings Limited (the “Company”) collectively and individually accept responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (“GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

CODE ON CORPORATE GOVERNANCE PRACTICES

The Company has complied with the code provisions set out in Appendix 15 of the GEM Listing Rules (the “Code”) throughout the period ended 31 March 2009, except for the following deviation:

The Code A.2.1 stipulates that the role of Chairman and chief executive officer should be separate and should not be performed by the same individual. The Company does not at present have any office with the title “chief executive officer”. The general manager of each business unit of the Company undertakes the day-to-day management of the Company’s business, whereas the Chairman is responsible for management of the Board and strategic planning of the Group. The Board believes that the balance of power and authority is adequately ensured under the existing arrangement and the operations of the Board which comprises experienced and high calibre individuals with a substantial number thereof being independent non-executive directors.

Code B.1.1 stipulates that company should establish a remuneration committee with specific written terms of reference which deal clearly with its authority and duties. A majority of the members of the remuneration committee should be independent non-executive directors. The Company does not establish a remuneration committee as required by this Code. The Board is in the opinion that establishment of a remuneration committee does not really benefit to the Group after due consideration of the size of the Group and the associated costs involved. According to the current practice of the Company, remuneration of directors are reviewed and approved at regular Board meetings which have the presence of the independent non-executive directors. In addition, the director will abstain from voting on the relevant board resolution in which he has interest.
